Dear Nestor:

I'm sorry for the disappointment, after your effort to get it into the competition. The photography is excellent, though.

I'm going to be teaching a 3 week film workshop during July, up in Woodstock and Teiji Ito will be giving a drum workshop at about the same time up there. Will you be around, or will you have left the country already.

Do give me a telephone call. WA 4-0780.

A handwritten signature in dark ink, appearing to read 'Maya', with a long horizontal stroke extending to the right.
